

Technical Data Sheet

1. PRODUCT IDENTIFICATION

Product Name: Vulcofac TAC - 70
 Active Ingredient: Triallyl cyanurate - TAC
 Cas Number: 101-37-1 Appearance: White / off-white powder

2. COMPOSITION (for information only)

<u>Active Ingredient</u>	<u>%w/w</u>	<u>Raw Material Typical Properties</u>	
Triallyl cyanurate - TAC	70	TAC Content % Crystallizing Point	98, min 25oC min

Carrier

Amorphous Silica 30

3. SPECIFICATION

<u>Test Title</u>	<u>Test Method</u>	<u>Specification</u>
Ash Residue %	TP02	27 - 33

Typical Specific Gravity (if available):

4. PACKAGING AND STORAGE DETAILS

Packaging Type: PE lined twin walled cardboard boxes
 Net Weight: 20Kg
 Retest Date: 12 Months

The information given within this specification is given in good faith. It is accurate and to the best of our knowledge and belief, and represents the most up to date information.
